Applications: mySQL, Postman

Language: MongoDB
Applications: Robo3T

PROJECTS

Meal-Matcher | https://github.com/jessicaano92/meal_matcher_javascript_ajax
| https://jessicaano92.github.io/meal_matcher_javascript_ajax/

- Meal Matcher is a recipe book that searches for recipes from the MealDB recipe API based on the ingredients a user searches. Users can then save and remove recipes from their recipe book.
- Wireframing design, Developing Javascript functions, implementing CSS layout
- Javascript(ES6), Materialize, Bootstrap, HTML, CSS

HotelMotel | https://github.com/ryanwit/hotel_motel | <https://hotelmotel.herokuapp.com/>

- Hotel Motel is a property management application designed specifically for smaller boutique style hotels. This application allows hotel employees to create reservations easily all with a couple clicks of their mouse.
- Wireframing design, Developing Javascript functions, implementing CSS layout, Developing Sequelize database, and creating HTML/API routes
- Javascript(ES6), Materialize, HTML, CSS, Sequelize, Express-handlebars, Vanta.js, Express

Eat-Da-Burgers | <https://github.com/meusjoseph21/express-burgers-handlebars>
| <https://polar-shore-82853.herokuapp.com/>

- Eat-Da-Burger is an Express-handlebars application that allows users to make a burger, eat the burger and continue creating more.
- Following MVC file structure, CSS design using bootstrap, and routing handlebars to work with mySQL
- Javascript(ES6), Bootstrap, HTML, CSS, mySQL, Express-handlebars, Express

EXPERIENCE

Ski Technician

2019 – 2020

One Stop Ski Shop

Steamboat Springs , Colorado

Helped streamline the rental process in order to get customers in and out as fast as possible, worked as a team with my coworkers, innovated new ways to market our company, managed data including ski rentals, monetary gains, and customer information.

Key Accomplishments:

- Over \$100,000.00 in company revenue during the holiday season.
- Increased web revenue in and out of ski season.
- Apart of implementing ipad based rental application

Server

2018– 2019

Grimaldis Pizzeria

Brookfield, Wisconsin

Worked in a team to optimize the dining experience, managed money and other customer information including weekly newsletter sign ups, kept composure in a high stress environment, and worked quickly and calmly to deliver the best possible experience for customers.

Key Accomplishments:

- Promoted from host to desired position as a server within three weeks of employment.
- Helped teach other employees proper techniques for bussing and managing table counts in a timely and effective manner.

Head Counselor

2017– 2020

Gold Arrow Camp

Lakeshore, California

Managed team members and campers on a bi-weekly basis, ensured that scheduling would not only be efficient but also provide a memorable experience for counselors and campers alike, and practiced leadership and communication skills with parents and counselors alike.

Key Accomplishments:

- No negative reviews from counselors and campers over the 2019 summer sessions.
- Promotion from Group Counselor to Head Counselor in the 2018 summer season.
- A part of American Camp Association for four year and took part in implementing Mental Health Certification for all Group Counselors in the 2019 summer season.

EDUCATION

Bootcamp Certificate: Denver University, Denver Colorado

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Biology Degree: Carroll University, Waukesha Wisconsin

A 4 year undergraduate program that focused on the basics of biological sciences including human biology, microbiology, zoology, ecology, environmental sciences, and chemistry and provided an overview of other disciplines including mathematics(calculus), history, and data analytics(python).
